

Programme

— On Wednesday 11th you can meet

Koert van der Ploeg B.Sc.
Team Leader Technical Development

As well as a great depth of knowledge on all MAN powergen products, Koert has full insight into the latest upcoming technical developments from the MAN factory.

Robbin Smit
MAN Rollo Service Engineer

Robbin has many years of experience working with MAN gas engines. If you have any issues with your engine, it is likely something that Robbin has solved in the past.

— On Thursday 12th you can meet

Jan van der Voort
Technical Specialist Powergen

Jan has worked on MAN gas engines for more than 20 years and is considered one of Europe's leading experts on MAN gas products.

Rishwen Chander B.Sc.
Technical Developer Energy Solutions

If it's engine controls and integration you are interested in, Rishwen is the person to speak to. With great experience in various control systems, Rishwen should be able to find a solution for your problem.

Marco Kok
Sales Engineer Marine/Gas

Marco has up to date knowledge on all of the current MAN gas and diesel power generation range. If you have an interest in the latest offerings from the MAN factory, he will be here to help.
